**Analysis Report  
On Student Feedback (2016-17)**

The feedback analysis committee have generated a concise report after analysis of the students duly filled feedback format. The general observations, constructive suggestions and the recommendations are as follows

**A. General observations regarding Faculties :**

1. Early completion of syllabus before annual university examinations has been appreciated.
2. Obtained satisfactory remarks regarding the communication skills, availability and the problem solving capacity of the teachers
3. Opined satisfaction about the course content and the relevant information given by the teachers
4. Teaching-learning process and the effectiveness of the teachers have been appreciated
5. Expected to enhance ICT based teaching by most of the teachers

**B. General observations regarding Institution:**

- ❖ Working method in different laboratories has been received positive remarks
- ❖ Infrastructure facilities were found not sufficient to cope up with the strength of students.
- ❖ Expected for the enhancement of extra and co-curricular activities

**C. Constructive suggestions:**

- ❖ Demanded for spacious common room for girls, spacious classrooms and the laboratories
- ❖ Expected to have canteen and stationary facilities within the premises
- ❖ Most of the students opined to enrich the library
- ❖ Demanded for the immediate recruitment of the teaching and non-teaching staff on the vacant posts
- ❖ Internet and reprographic facilities need to be enhanced

**D. Recommendations:**

The committee is strongly recommended to the head of the institution to take immediate steps on the following issues

1. Construction of spacious classrooms and the laboratories
2. Provision for Xeroxing and stationary facilities in the premises
3. Improvement in library facilities
4. Frequent organization of games and sports activities

**Analysis Report  
On Student Feedback (2020-21)**

Feedback is an essential part of effective learning. It is important to know students' expectations from teachers as well as the performance of the teacher from student's point of view. In current academic year, due to Covid 19 pandemic the lectures were conducted in online mode using MLS Teaching Software provided by parent organization 'Shri Shivaji Education Society Amravati' and Google meet. The committee had prepared a Google form to collect student feedback. The committee had collected the online feedback from the final year students by providing them Google form link in the month of June 2021. The committee constituted for the analysis of the feedback have analysed feedback responded by students. The details of the analysis report are as under.

**A. General observations regarding administration and students support.**

1. All the students were agreed with academic support to the students during the COVID-19 pandemic lockdown.
2. Most of the students are satisfied with information provided by institute regarding admission, examination and other issues, however few students are not satisfied. However most of the students agreed that information provided by college is useful to them.
3. Most of the students are satisfied with the motivation and support received from teaching, non-teaching staff and Principal of the college.

**B. Teaching learning process**

**Teaching learning process feedback is recorded for each subject of PCM, CBZ, and Cs group students.**

- Most of the students have reported good remark regarding the teachers interaction and their communication with them of respective subject teachers.
- Most of the Students are satisfied with the teaching methodology and study material provided by respective subject teachers.
- Most of the students satisfied with interaction and approach of teachers during online lectures

**C. Recommendations:**

After going through analysing the feedback obtained from the students, the members of the committee is strongly recommending,

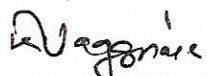

- To enhance the ICT technology in the Instituion.
- To increase the number of e- books and e- magazines related to curriculum and competitive examination.
- To enhance student support facilities.
